FOR IMMEDIATE RELEASE

Centerfield Successfully Exits Medical Transcription Services Provider

January 21, 2011

Indianapolis, IN – Centerfield Capital Partners announced today that it has successfully exited its investment in Transolutions, Inc. Located near Chicago, Transolutions is a provider of medical transcription services to acute care facilities, clinics and surgery centers. The transaction generated a cash-on-cash return of 3.4x and a gross IRR of 28% for Centerfield and its investment partners, which included Kansas Venture Capital, MidStates Capital, Jefferson Capital and CapSource Funds.

Transolutions was acquired by Accentus, a portfolio company of High Road Capital Partners. Centerfield and its investment partners acquired Transolutions in 2004. With a strong focus on the use of technology, Transolutions has subsequently grown to become one of the leading medical transcription providers in the United States. Centerfield and its investment partners helped the company develop its strategic growth plans and improve its sales and marketing processes.

"We are proud to have worked with Mike Carnrite, the many talented employees of Transolutions and our private equity partners," said Tom Hiatt, Founding Partner of Centerfield. "The merger with Accentus, which is based in Ontario, Canada, creates many exciting new opportunities for the company."

Brookwood Associates served as the exclusive financial advisor to Transolutions.

Transolutions is the 13th investment Centerfield has exited from its first fund, Centerfield Capital Partners, L.P. Centerfield is currently investing its second fund, Centerfield Capital Partners II, L.P.

About Centerfield

Centerfield Capital Partners is a private equity firm which provides mezzanine and equity investments to lower middle market companies. Centerfield invests in profitable growing companies, generally to facilitate changes in ownership, recapitalizations or growth initiatives. Investments are between \$3 and \$15 million. Centerfield manages approximately \$200 million in two funds.
