FOR IMMEDIATE RELEASE

Centerfield Capital Successfully Exits Investment in eGix, Inc.

February 29, 2008

Indianapolis, IN – Centerfield Capital Partners announced today that it has successfully exited its investment in eGix, Inc., a Carmel, Indiana-based provider of voice and data communications services to small and medium sized business. eGix was acquired by Cincinnati Bell (NYSE: CBB) in a transaction that closed on February 1, 2008. The transaction was valued at \$18 million, subject to certain additional performance related payments in the future.

eGIX serves as a single source to business customers for reliable and affordable integrated IP voice (VoIP) and data services, high-speed Internet access, local line services and a full suite of business applications and enhanced messaging services in the Midwest. Centerfield provided a total of \$2.25 million of mezzanine financing to eGix in 2004 and 2005 to support the company's growth and acquisition strategy.

Steve Johns, President and CEO of eGix, stated "Centerfield was an outstanding partner for us, and provided financing to enable us to complete a series of add-on acquisitions. Centerfield's assistance in helping us organize an independently represented Board of Directors and address a number of operating challenges was a significant benefit."
